MEMORANDUM FOR: ALL CRG PERSONNEL

STATINTL

FROM:

Chief, Classification Review Group

SUBJECT: Updating of Review Procedures

1. Over the past year a number of our review procedures have been rescinded or in some way made obsolete. The following list may be of help to CRG personnel in bringing the status of their CRP collection up to date. It is suggested that obsolete and rescinded CRPs not be destroyed, as they are good reference for past actions. They should, however, be marked in some manner (such as "rescinded by CRP 79-3") so that the current procedure will be used.

2. Those rescinded are:

78-2 Part II	by 79-13
78-4 of 10 Feb. 78	by 78-4 of 14 March 78
78-6	by Memo of 21 March 78
78-8	by 79-5
78-10	by 79-2
78-11	by 79-21
78-12	by 79-4
78-13	by 79-3
78-14	by 78-26
78-15	by 79-21
78-18	by 79-18
78-19	by 78-26
78-21	by 79-18
78-30	by 79-22
78-36	by 79-4
78-37	by 79-21
78-39	by 79-6

3. In addition, RRP 78-9 concerning the upgrading of documents, while not obsolete, has been incorporated into CRP 79-7 and should be marked accordingly.
